INTRODUCTION TO THE ESTIMATES

The main Estimates for each fiscal year are presented to the Legislative Assembly by the Minister of Finance. The contents of the main Estimates are outlined in section 5 of the *Budget Transparency and Accountability Act* (BTAA); the timing of their presentation is outlined in section 6 of the BTAA.

The main Estimates serve two purposes:

For the broader government reporting entity, which includes the consolidated revenue fund (CRF) as well as Crown corporations and service delivery agencies that are controlled by the government, the main Estimates provide an overview of government's fiscal plan for 2013/14. This includes forecasts of staff utilization and the projected financial results of the larger service delivery agencies. The Estimates also include restated main Estimates and updated forecast information for the 2012/13 fiscal year for comparative purposes.

For core government – viz. the CRF – the Estimates form the basis for annual appropriations approved by the Legislative Assembly for both operating and financing transactions upon the enactment of a *Supply Act*. The General Fund is the main operating account within the CRF and includes a number of Special Accounts where the statutory authority for specific expenditures is derived from statutes other than a *Supply Act*.

All expenditures from the CRF must be authorized by an appropriation, either through a *Supply Act* or through a specific provision in another statute. The Votes in the Estimates are the details of that year's appropriations for each special office, ministry, and other purpose. The Vote descriptions provide the framework for legislative control of government spending, since funds can only be expended for purposes stated in the Estimates. Special types of appropriation for capital expenditures, loans and advances, and dedicated revenue (financing transactions) are voted on a total amount basis, although the Estimates do provide allocations by ministry for disclosure purposes.

Legislative authority for voted appropriations is provided by the *Supply Act*, which includes a summary of the Estimates appropriations as schedules to the Act. Expenses from Special Accounts are disclosed in the Estimates; however, they are not included in *Supply Act* totals as these accounts have separate statutory spending authority. Expenses cannot exceed individual Vote totals without additional legislative authority.

The allocation of voted and special account appropriation to standard objects of expense (STOB) is disclosed in the *Supplement to the Estimates*. While section 23(4) of the *Financial Administration Act* authorizes the spending of an appropriation on any activity or STOB, this more detailed presentation provides additional information and establishes a framework for administrative control by Treasury Board. The *Supplement to the Estimates* can be found on the Government of British Columbia's budget web site at <http://www.bcbudget.gov.bc.ca/>.

The 2013/14 Estimates are comprised of three separate sections:

1. **Summary Information** — This section presents an outline of the accounting policies on which the Estimates have been prepared and significant presentation changes in the Estimates from the previous year. This section also provides information on the projected results of the broader government reporting entity, including a statement of financial position; a statement of operations; a reconciliation of the projected surplus (deficit) to the forecast change in debt; details on the components of forecast revenue and expense; and a summary of estimated CRF expense.
2. **Estimates of Special Offices, Ministries and Other Appropriations** — This section presents the details of the appropriations from the CRF arranged by special office, ministry, or other grouping (such as Other Appropriations). The details in the Estimates include breakdowns by sub-votes and group account classification.

Each special office, ministry, or other grouping is presented on a similar basis.

1. **Summary** — summarizes total voted and statutory (Special Account) expense, capital, and other financing transactions.
 2. **Core Business Summary** — for ministries, discloses operating expenses, capital expenditures, and other financing transactions by core business on both a gross (before deducting estimated external recoveries) and net (after deducting estimated external recoveries) basis. A core business includes programs and/or functions grouped together based on common roles and/or purposes. For special offices and other groupings, these items are disclosed by vote.
 3. **Vote Descriptions** — for ministries, includes a description of the purpose for each vote and operating expenses for both voted and statutory appropriations broken down by core business. For special offices and other groupings, these items are disclosed by vote.
 4. **Special Accounts** — discloses revenue, expense, capital, other financing transactions, and projected spending authority available for all special accounts.
 5. **Financing Transactions** — discloses financing transactions that are the responsibility of the special office or ministry; including loans, investments and other requirements by core business and revenue collected for, and transferred to, other entities by core business.
3. **Schedules** — This section consists of supporting schedules that include the following: a reconciliation of the 2012/13 main Estimates to the restated 2012/13 main Estimates; a summary of operating and financial requirements and opening and closing balances for all Special Accounts; summaries of financing transactions for capital expenditures; for loans, investments and other requirements; and for revenue collected for, and transferred to, other entities; a summary of ministerial accountability for voted operating expenses; estimated financial statements segmented by entity; detailed reconciliations of CRF revenue by source and expense by function; a summary of major service delivery agency revenues and expenses; and an estimate of the staff utilization for the taxpayer-supported government reporting entity.

EXPLANATORY NOTES

The Relationship between Net Expense and Spending Authority

Consolidated Revenue Fund (CRF) expense budgets are established on the basis of the gross amount of funds required for a particular purpose, with anticipated recoveries being deducted to arrive at the net expense. It is the net expense that is included in an annual *Supply Act* and voted on in the Legislative Assembly.

Section 23(3) of the *Financial Administration Act* (FAA) provides that where a vote in the Estimates approved by the Legislature shows an item as a credit or recovery, the vote is deemed to appropriate spending authority for the net expense plus the estimated amount of the credit or recovery, whether or not this latter amount is actually realized. An under-realization of recoveries without a corresponding decrease in spending would have the same effect on the CRF operating result as an equivalent shortfall in anticipated government revenue.

Section 23(3)(c) of the FAA also provides that excess recoveries (amounts earned over and above those estimated) may be used for additional expenses. Prior approval of Treasury Board is not required, unless otherwise directed. This incremental spending would have no impact on CRF operating result since the incremental recoveries would offset the incremental spending with no change to net expense.

There are a number of checks and balances to the use of recoveries to understate net expense. The *Balanced Budget and Ministerial Accountability Act* requires ministers to meet their net expense targets as outlined in Schedule F. As well, section 27(1)(a) of the FAA authorizes Treasury Board to restrict spending under any appropriation – statutory or voted.

Recoveries in the Estimates

Recoveries are disclosed in each special office, ministry, or other appropriation section of the Estimates in two places: the Core Business Summary and the Group Account Classification.

There are two forms of recoveries:

Internal Recoveries — represent transfers within the CRF and generally includes inter-ministry chargebacks for costs budgeted centrally in government for the provision of certain goods and services that are recovered from areas elsewhere in government that consume and/or use those goods and services. Employee benefits, workplace technology services, legal services, accommodation and real estate services, alternate service delivery services, postal services, Queen's Printer services, and Provincial Treasury banking charges are examples of internal recoveries.

External Recoveries — represent recoveries from entities outside of the CRF, including costs and amounts recovered from government corporations, education and health sector organizations, other levels of government, non-government organizations, individuals, and businesses. External recoveries also include sinking fund interest earnings, an offset for commissions paid for the collection of government revenues and accounts, and increases in provisions for, or the write-off of, uncollectible revenue-related accounts. An example of a major external recovery is interest costs relating to funds borrowed by government and re-loaned to public bodies.

The expense disclosure in the Core Business Summary only adds External Recoveries to Net Expense to arrive at Gross Expense (i.e., the FAA section 23(3) spending authority), as the spending related to Internal Recoveries may be restricted by Treasury Board – in effect, limiting their inherent spending authority. Details on internal and external recoveries by Vote are provided in the *Supplement to the Estimates*.

Capitalized Costs

The government capitalizes a number of disbursements in its financial statements in accordance with generally accepted accounting principles (GAAP). The annual amounts of these disbursements are shown in each special office or ministry section of the Estimates and are summarized in schedules to the Estimates. These disbursements are not included in their operating budgets; rather, each schedule is voted as one amount in the *Supply Act*.

Capital Expenditures – Schedule C

These disbursements reflect the acquisition cost of tangible capital assets. While the initial disbursement is not part of operating expenses, the amortization of the cost of tangible capital assets is included in operating budgets. Schedule C summarizes core government capital acquisitions that are voted on in the Legislature and the total estimated cost of capital acquisitions for all taxpayer-supported organizations.

Loans, Investments and Other Requirements – Schedule D

The government disburses funds from the CRF for a variety of purposes related to ministry operations including student loans, land development, timber inventory acquisition, land tax deferment program costs, international fuel tax agreement payments, and returns of deposits. Receipts represent recoveries of these amounts plus loan repayments, deposits accepted by government, and interest on deposits.

Revenue Collected For, and Transferred To, Other Entities – Schedule E

The government has dedicated certain revenue sources to specific programs or entities. The government collects the revenue on behalf of the program or entities and remits it to them. While these receipts are not considered government revenue, the payments into and out of the CRF must be authorized by the Legislature.

ESTIMATES ACCOUNTING POLICIES

Estimates Accounting Policies

1. **Basis of Accounting** — The Estimated Statement of Financial Position and the Estimated Statement of Operations in the *2013/14 Estimates* are prepared in accordance with generally accepted accounting principles (GAAP) for senior governments as required by the *Budget Transparency and Accountability Act* (BTAA) and as recommended by the independent Public Sector Accounting Board (PSAB) of the Canadian Institute of Chartered Accountants, with the exception of regulatory accounting, where Treasury Board has adopted the US Financial Accounting Standards Board guidance in accordance with the provisions in the BTAA. Details on the significant accounting policies that form government's basis of accounting can be found in Note 1 of the *2011/12 Public Accounts* on the Ministry of Finance website at: http://www.fin.gov.bc.ca/ocg/pa/11_12/pa11_12.htm.
2. **Reporting Entity** — The government reporting entity includes organizations that meet the criteria of control (by the province) as established under GAAP. This includes the Consolidated Revenue Fund, service delivery agencies, government partnerships, and commercial Crown corporations. Service delivery agencies include taxpayer-supported Crown corporations, the SUCH sector (school districts, post-secondary institutions, and regional health authorities and hospital societies), and children and family development regional agencies/authorities.
3. **Consolidation** — The *2013/14 Estimates* fully consolidate the Consolidated Revenue Fund with the individual assets, liabilities, revenues, and expenses of service delivery agencies on a line-by-line basis. Government's interests in government partnerships are reported on a proportional consolidation basis. Self-supported Crown corporation results are consolidated using the modified equity basis, which reports net assets as an investment and net income/loss as revenue.

Beginning in 2011/12, all service delivery agencies began adoption of PSAB accounting policies so that their financial statement presentation is consistent with how the central government prepares its own consolidated revenue fund financial statements. This conversion will be completed with the SUCH sector adopting PSAB in 2012/13. While this impacts individual service delivery agencies, there is no impact on the Estimates, as the practice in prior years was to adjust the service delivery agency financial statements during consolidation to conform to government's accounting policies.

ESTIMATES SIGNIFICANT PRESENTATION CHANGES

Significant Presentation Changes in the 2013/14 Estimates

For comparative purposes the 2012/13 Estimates and Forecast amounts have been restated to be consistent with the 2013/14 Estimates presentation as follows:

1. **Consolidated Revenue Fund (CRF)** — Schedule A presents a detailed reconciliation of the restatement of CRF operating expenses and capital expenditures. These restatements reflect the government reorganizations in 2012/13, incorporate a number of inter-ministry transfers and/or changes, and adjust total expense for presentation changes.
2. **Summary Financial Statements** — The projected summary financial statements for 2012/13 that were presented in the 2012/13 Estimates were revised to reflect the following:

Adoption of International Financial Reporting Standards (IFRS)

Self-supported Crown corporations, except for the British Columbia Hydro and Power Authority, adopted IFRS during the 2011/12 year to comply with Canadian GAAP. The effect of this change on the Statement of Financial Position was to decrease equity in self-supported Crown corporations and agencies by \$273 million, offset by an equal decrease in accumulated surplus. There was no impact on the Statement of Operations as a result of this change.

Classification of Restricted Assets

During 2012/13, the Province changed the financial statement presentation for endowments and other restricted assets reported by service delivery agencies, especially the SUCH sector. In prior years, restricted assets were included in the financial assets section in the Statement of Financial Position. Restricted assets are now included in the non-financial assets section because these assets are not available to satisfy the existing obligations of government. The effect of this change on the Statement of Financial Position was to decrease Financial Assets by \$1,504 million and increase Non-Financial Assets by the same amount. There was no impact on the Statement of Operations as a result of this change.

VOTE 2 — AUDITOR GENERAL

This vote provides for the operations of the Office of the Auditor General. The Auditor General, an officer of the Legislature under the authority of the *Auditor General Act*, exists to help members of the legislative assembly hold the government accountable. Through its audit opinions, the Auditor General gives legislators audit assessments about the fairness and reliability of the financial statements and public accounts of the government. The Auditor General also assesses the operations and performance of the government's programs and services. The reports of the Auditor General are tabled with the Legislative Assembly and discussed, in a public forum, with the Public Accounts Committee of the legislature.

VOTE 11 — MINISTRY OPERATIONS

This vote provides for ministry programs and operations described in the voted appropriations under the following four core businesses: Negotiations and Regional Operations, Partnerships and Community Renewal, Strategic Initiatives, and Executive and Support Services.

NEGOTIATIONS AND REGIONAL OPERATIONS

Voted Appropriation

Negotiations and Regional Operations.....	13,708	13,537
---	--------	--------

Voted Appropriation Description: This sub-vote provides for the participation in the negotiation of treaties, incremental treaty agreements and other agreements with First Nations and the federal government, and negotiation and implementation of agreements with the federal government to cost-share treaties and other arrangements with First Nations. This sub-vote also provides for cross-government coordination of First Nations engagements including development of government-to-government resource management protocols, cross-government coordination of First Nations consultation and accommodation, and treaty implementation and treaty related measures. This sub-vote also provides for the operation of regional offices that provide customer assistance with supporting information such as guidelines on First Nations consultation. Costs may be recovered from ministries, other entities within government, and parties external to government for services described within this sub-vote.

PARTNERSHIPS AND COMMUNITY RENEWAL

Voted Appropriation

Partnerships and Community Renewal.....	4,054	4,003
---	-------	-------

Voted Appropriation Description: This sub-vote provides for initiatives to close the socio-economic gaps between Aboriginal peoples and other British Columbians, including the identification of opportunities, removal of barriers, the cross-ministry coordination of resources and services provided to Aboriginal peoples, and support for data development and reporting out on progress. This sub-vote also provides for leadership in policy development, relationship building, cultural initiatives, community development, support to Aboriginal leadership and advisory bodies, and for administration of the First Citizens Fund and related transfers. Costs may be recovered from ministries, other entities within government, and parties external to government for services described within this sub-vote.

STRATEGIC INITIATIVES

Voted Appropriation

Strategic Initiatives.....	13,316	13,150
----------------------------	--------	--------

Voted Appropriation Description: This sub-vote provides for the support and enhancement of the government's New Relationship with First Nations and Aboriginal peoples through non-treaty negotiations considered strategically important to furthering the New Relationship, including revenue sharing and shared decision making, and by liaison with key First Nation groups such as the First Nations Leadership Council. This sub-vote also supports the development of treaty related policy in the areas of consultation, accommodation, and reconciliation; produces the provincial lands resources and governance mandates and policies that represent provincial interests at the treaty tables; and facilitates engagement and negotiation among First Nations, provincial ministries, and key stakeholders with the aim of accommodating First Nation interests and promoting collaboration and coordination on Aboriginal issues across sectors and orders of government. The ministry's planning efforts, including strategic, service and business plans, and performance monitoring, measurement, and reporting, are also funded by this sub-vote. Costs may be recovered from ministries, other entities within government, and parties external to government for services described within this sub-vote.

PRODUCTION INSURANCE ACCOUNT		
This account was established as a special account effective April 1, 2005 by section 9.2 of the <i>Special Accounts Appropriation and Control Act</i> and replaces the Crop Insurance Fund created by a regulation under the <i>Insurance for Crops Act</i> . Production Insurance is an insurance scheme that stabilizes farm income by minimizing, at an individual level, the detrimental economic effects of losses due to uncontrollable natural perils. The purpose of this account is to receive premiums from the federal government, the province, producers, and indemnity and other payments through reinsurance. This account also earns interest on accumulated funds. Expenses include indemnification payments to producers, reinsurance premiums to third parties, and any third party costs of adjustments. Costs may be recovered from external organizations for reinsurance proceeds.

BC ARTS AND CULTURE ENDOWMENT SPECIAL ACCOUNT		
This account was established as a special account effective April 1, 2008 under the <i>Special Accounts Appropriation and Control Act</i> . This account contains two sub-accounts, the BC150 Cultural Fund and the Arts Legacy Fund. The BC150 Cultural Fund sub-account operates as an endowment fund with a restricted balance of \$150 million which is not permitted to be spent. This sub-account will provide support for arts and culture in British Columbia as recommended by the BC Arts Council. The Arts Legacy Fund sub-account also operates as an endowment fund with a restricted balance of \$20 million which is not permitted to be spent. Expenses consist of government grants to organizations and artists to support the creation, development, or presentation of works of art at events or venues the minister considers will provide significant exposure to those works of art. Interest or earning paid on the sub-accounts will be credited to the sub-accounts as revenue.

INNOVATIVE CLEAN ENERGY FUND SPECIAL ACCOUNT		
This account was created by the <i>Finance Statutes (Innovative Clean Energy Fund) Amendment Act</i> in 2007 and is continued under the <i>Special Accounts Appropriation and Control Act</i> . The purpose of the account is to support the expanded use of clean energy, promote energy efficiency and conservation, and accelerate the commercialization of clean energy technologies through projects and programs that address provincial energy and environmental priorities. Revenues credited to the account originally came from a levy applied to all final purchases of specified 'energy products' in British Columbia under section 68.01 of the <i>Social Services Tax Act</i> prior to August 1, 2010. The levy will be re-introduced on April 1, 2013 under the <i>Provincial Sales Tax Act</i> ; however, under the revised definition of 'energy products', electricity is now excluded. Program expenses are recovered from the Special Account. Expenses are limited to those permitted within the scope of the Act and include administration of the account.

BC TIMBER SALES ACCOUNT		
<p>This account was originally established in 1988 as the Small Business Forest Enterprise Account and became the BC Timber Sales Account in 2003 through an amendment to section 109 of the <i>Forest Act</i>. The purpose of the account is to identify all revenues for BC Timber Sales and to provide an ongoing source of funds to defray the costs of the program. Revenue is collected from the following sources: upset stumpage, bonus stumpage, waste billings, annual fees and billings (annual rent, trespass charges, extension fees, forfeited deposits and scaling fees) incidental to the operation of the program, and sales of logs. Expenditures are for preparing forest development plans and logging plans; assessments required to formulate these plans for timber sales licences; costs of meeting requirements of applicable legislation; construction and maintenance of logging roads, bridges, and log dumps; costs of developing timber sales for auction; protection of forests; administration; costs of selling timber and logs; and other forest management requirements incidental to the program including certification and safety initiatives. Costs of supplies and services may be recovered from other ministries, other levels of government, agencies, organizations, and individuals. Revenue in excess of current expenditures and outstanding obligations may be transferred to the General Fund as directed by Treasury Board. Disbursements reflect capitalized costs incurred for development of timber for sale in future years. These costs are recovered from future sales revenue.</p>

CROWN LAND SPECIAL ACCOUNT		
This account was originally created as a fund by authority of section 7 of the <i>Department of Housing Act</i> in 1973, was replaced by the Crown Land Fund effective July 31, 1979 pursuant to the <i>Ministry of Lands, Parks and Housing Act</i> , and provisions were modified under the <i>Special Accounts Appropriation and Control Act</i> in 1982. Revenues include land sales, exchanges, tenures, royalties, interest, rental income, and fees. Costs of development include costs directly associated with the acquisition and development of Crown land for sale or tenure. Expenses include costs for Crown land clean-up and servicing. This special account also provides Free Crown Grants and Nominal Rent Tenures of land at less than fair market value. In accordance with generally accepted accounting principles, upon disposition these grants and tenures are expensed at their fair market values if any consideration is received, and are otherwise expensed at net book value. As Crown land is shown on the balance sheet as the nominal value of \$1, the revaluation of Crown land to fair market value is shown as a recovery against the expenses. Financing transaction receipts represent repayment of outstanding loans and deposits made on pending sales.

MINISTRY OF JOBS, TOURISM AND SKILLS TRAINING

The mission of the Ministry of Jobs, Tourism and Skills Training and the Minister Responsible for Labour is to manage key lines of government service that help create the economic prosperity needed for the success of families and communities across the province. This means seizing the opportunities and responding to the challenges of a globalized economy in order to create new jobs, defend existing ones, and position ourselves for long-term growth. In addition, the Labour Division establishes a fair and balanced labour and employment law framework that promotes worker health and safety and labour relations stability.

VOTE 35 — ATTORNEY GENERAL OPERATIONS

This vote provides for ministry programs and operations described in the voted appropriations under the following six core businesses: Justice Services; Prosecution Services; Court Services; Legal Services; Agencies, Boards and Commissions; and Executive and Support Services.

JUSTICE SERVICES

Voted Appropriation

Justice Services.....	106,225	106,190
-----------------------	---------	----------------

Voted Appropriation Description: This sub-vote provides for the administration, management, and transformation of justice services throughout the province including administrative justice reform; public, criminal, civil, and family law reform; and broad justice system policy development to support a more accessible, efficient, and effective justice system. This sub-vote also provides for legal aid, human rights, and other publicly-funded legal counsel services; development and management of legislation; access to justice services; maintenance enforcement and services associated with inter-jurisdictional support court orders; alternative-to-court dispute resolution services for separating and divorcing parents and their children; parenting after separation programs; developing and promoting non-adversarial dispute resolution options within the justice system and throughout the government; and public legal education and information coordination. Costs may be recovered from ministries, the Legal Services Society, and the federal government for services described within this sub-vote.

PROSECUTION SERVICES

Voted Appropriation

Prosecution Services.....	112,939	112,914
---------------------------	---------	----------------

Voted Appropriation Description: This sub-vote provides for the operation of Crown counsel services including approval and conduct of criminal prosecutions and appeals of offences, advice to government on all criminal law matters, and responsibility for all other matters mandated by the *Crown Counsel Act*. Costs may be recovered from the Victim Surcharge Special Account to enable compliance with the *Victims of Crime Act*.

COURT SERVICES

Voted Appropriation

Court Services.....	96,758	96,421
---------------------	--------	---------------

Voted Appropriation Description: This sub-vote provides for court registry operations, court administration, prisoner escort, and court security support to the Court of Appeal, Supreme Court, and Provincial Court. Costs may be recovered from the federal and municipal governments for costs related to ticket enforcement and circuit courts, from contracted court bailiffs for civil execution services, and from parties or the public for costs associated with services described within this sub-vote.

LEGAL SERVICES

Voted Appropriation

Legal Services.....	17,600	17,571
---------------------	--------	---------------

Voted Appropriation Description: This sub-vote provides for legal and related services including legal advice; representation in civil litigation; and drafting, preparing, filing, and publishing statutes, regulations, and Orders in Council to the province and various agencies, boards and commissions, and other organizations. CRIMINAL ASSET MANAGEMENT FUND		
The Forfeited Crime Proceeds Fund account was established by the <i>Special Accounts Appropriation and Control Act</i> in 1988, as amended by the <i>Attorney General Amendment Act</i> in 1989. This account was continued in 2012, under the name Criminal Asset Management Fund, by the <i>Criminal Asset Management Act</i> . The purpose of this account is to use the proceeds that government obtains from criminal forfeitures and certain fines for certain criminal justice purposes. Revenue represents money received by government from proceeds of crime provided by certain other governments, money paid as a fine under a provision of the <i>Criminal Code</i> of Canada or under similar legislation, and money forfeited under certain sections of the <i>Criminal Code</i> of Canada. Revenue also represents money realized from the disposition of forfeited property governed by the Act and other money, interest, and income provided for in the Act. Expenses are for compensation of eligible victims, crime prevention and remediation, administration of the Act, and other prescribed purposes. Administrative costs may be funded through the ministry's voted appropriations.

VOTE 44 — MANAGEMENT OF PUBLIC FUNDS AND DEBT

This vote provides for the cost of managing public funds and debt resulting from borrowing activities to finance provincial operating and capital requirements; borrowing on behalf of government bodies under the fiscal agency loan program, and entering certain financial agreements and commodity derivatives with or on behalf of government bodies; and borrowing for the warehouse program.

COST OF BORROWING FOR GOVERNMENT OPERATING AND CAPITAL FUNDING (NET OF RECOVERIES)

Voted Appropriation

Cost of Borrowing for Government Operating and Capital Funding.....	<u>1,287,488</u>	<u>1,264,195</u>
---	------------------	------------------

Voted Appropriation Description: This sub-vote provides for interest and all other costs, expenses, charges and fees associated with debt arising from borrowings or other credit arrangements. These include costs under related financial agreements (such as interest rate and currency swaps and forward rate agreements) and commodity derivatives, incurred or assumed by the government for operating purposes or capital funding purposes. This sub-vote also provides for the cost of cash-flow management of the Consolidated Revenue Fund, payment services resulting from borrowing activities, and costs associated with business continuation planning in relation to debt management, banking and cash management functions. Recoveries from the use of financial agreements (such as interest rate and currency swaps and forward rate agreements) and commodity derivatives, and revenue earned from sinking fund investments, prefunding operations and matched book transactions, are offset against the related expenditure.

COST OF BORROWING FOR RELENDING TO GOVERNMENT BODIES (NET OF RECOVERIES)

Voted Appropriation

Cost of Borrowing for Relending to Government Bodies.....	<u>1</u>	<u>1</u>
---	----------	----------

Voted Appropriation Description: This sub-vote provides for interest and all other costs, expenses, charges and fees associated with debt arising from borrowings or other credit arrangements, including costs under related financial agreements (such as interest rate and currency swaps and forward rate agreements) incurred or assumed by the government for the purposes of the fiscal agency loan program. Recoveries from the use of financial agreements (such as interest rate and currency swaps and forward rate agreements) are offset against the related expenditure, and the remaining costs are fully recovered from government bodies or other authorized organizations.

COST OF FINANCIAL AGREEMENTS ENTERED INTO ON BEHALF OF GOVERNMENT BODIES (NET OF RECOVERIES)

Voted Appropriation

Cost of Financial Agreements Entered into on Behalf of Government Bodies.....	<u>1</u>	<u>1</u>
---	----------	----------

Voted Appropriation Description: This sub-vote provides for all costs, expenses, charges and fees associated with financial agreements (such as interest rate and currency swaps and forward rate agreements) entered into by the government with or on behalf of government bodies or other authorized organizations other than such agreements related to fiscal agency loans. This sub-vote also provides for all costs, expenses, charges and fees associated with commodity derivatives entered into by the government with or on behalf of the government bodies or other authorized organizations. Recoveries from the use of financial agreements (such as interest rate and currency swaps and forward rate agreements) and commodity derivatives are offset against the related expenditure under those agreements or derivatives, and the remaining costs are fully recovered from government bodies or authorized organizations.

COST OF WAREHOUSE BORROWING PROGRAM (NET OF RECOVERIES)

Voted Appropriation

Cost of Warehouse Borrowing Program.....	<u>1</u>	<u>1</u>
--	----------	----------

Voted Appropriation Description: This sub-vote provides for the costs associated with debt issued in advance of requirements including interest and all other costs, expenses, charges and fees. The debt is held in the program prior to allocation to a government purpose or for loans to a government body or other authorized organization. Interest and other earnings accrued from the investment of proceeds of borrowings while warehoused offsets interest and other costs associated with those borrowings. Recoveries from the use of financial agreements (such as interest rate and currency swaps and forward rate agreements) are offset against the related interest expenditure.

VOTE 45 — CONTINGENCIES (ALL MINISTRIES) AND NEW PROGRAMS
(Minister of Finance)

This vote provides for additional funding for items budgeted in other votes to accommodate the financial consequences of unanticipated and contingent events. Unanticipated events include developments during the year that could not be reasonably anticipated when the budget was prepared. Contingent events include developments that could be anticipated but not with enough certainty to make a reasonable estimate of budget costs, or where final costs are dependent on a pending decision by government or another party. This vote also provides for ex gratia payments and the funding of new programs initiated during the fiscal year.

VOTE 46 — CAPITAL FUNDING
(Minister of Advanced Education, Innovation and Technology; Minister of Education;
Minister of Energy, Mines and Natural Gas; and Minister of Health)

This vote provides for grants to government organizations as defined in the *Budget Transparency and Accountability Act* for their capital expenditures, including the capitalizable costs of land acquisition, new facilities, and renovations and improvements to existing facilities. Grants may only be made under this vote by the Minister of Advanced Education, Innovation and Technology; the Minister of Education; the Minister of Energy, Mines and Natural Gas; and the Minister of Health to government organizations whose operations fall within the respective portfolios of those ministers. The amount of this vote is allocated among responsible ministers as set out below. Treasury Board, by directive, may reallocate the amounts among these classes of government organizations to meet government priorities. Reallocation of these amounts constitutes a revision to the expected results for the ministers impacted, which must be made public within 90 days. In addition to these allocations, the Minister of Finance has statutory authority to make capital grants to any government organization.

¹Special Account is an account in the General Fund where the authorization to spend money from the account is located in an Act other than the *Supply Act*.

²Transfers (to) from General Fund consist of changes in statutory spending authority.

³Working Capital Adjustments include those adjustments that would change the cash balance of the Special Account. This would include changes in the accumulated amortization, inventory, and accounts receivable and payable.

⁴Transfers from Voted Appropriations to Special Accounts are eliminated to establish the amount of special account expenses that do not require voted appropriations. This net amount of special account expense is then deducted from total expenses in the determination of the *Supply Act* requirements shown on page 12.

SUMMARY OF MINISTERIAL ACCOUNTABILITY FOR OPERATING EXPENSES
(for the Fiscal Year Ending March 31, 2014)
(\$000)

Schedule F

Under section 3 of the *Balanced Budget and Ministerial Accountability Act* (BBMAA), each member of the Executive Council has 20 percent of his or her salary held back with restoration of half of the holdback contingent on government achieving its overall fiscal target for the year as per section 4, and restoration of the other half of the holdback contingent on ministers achieving individual goals as set out in section 5. For each minister with responsibility for operating expenses arising from a voted appropriation as accounted for in the Consolidated Revenue Fund, section 5(1) stipulates actual results for the year must not exceed the estimated amounts for that fiscal year. Section 5(3) applies to ministers of state, for whom expected results are specified by Treasury Board regulation.

In the table below, the column entitled "Minister Responsible" lists the ministers with BBMAA section 5(1) assigned responsibilities. The column entitled "Voted Appropriations in the 2013/14 Estimates" shows the voted appropriations for which those ministers are responsible. The columns entitled "Voted Appropriation Operating Expenses (net)" and "2013/14 Estimated Amount" show the dollar amounts of operating expenses (net) and estimated amounts allocated to ministers in the 2013/14 Estimates.

TAXPAYER-SUPPORTED STAFF UTILIZATION
 (for the Fiscal Year Ending March 31, 2014)
 (FTEs)¹

Schedule K

Estimates 2012/13	Forecast 2012/13		Estimates 2013/14
26,891	27,169	Ministries and special offices (CRF)	26,066
4,568	4,540	Service delivery agencies.....	4,657
<u>31,459</u>	<u>31,709</u>	Total taxpayer-supported staff utilization	<u>30,723</u>

¹ Full-time equivalents (FTEs), a measure of staff employment, are calculated by dividing the total hours of employment paid for in a given period by the number of hours an individual, full-time person would normally work in that period. This does not equate to the physical number of employees. For example, two half-time employees would equal one FTE or alternatively, three FTEs may represent two full-time employees who have worked sufficient overtime hours to equal an additional FTE.

EXPLANATORY NOTES ON THE GROUP ACCOUNT CLASSIFICATIONS

OPERATING EXPENSES

Voted expenses for special offices, ministries, and other appropriations are presented in the Estimates on the basis of a group account classification system. Each group account represents a broad category of expenses and is comprised of specific components (standard object of expense). A supplementary publication, *Supplement to the Estimates*, provides details for each special office, ministry, and other appropriation at the standard object of expense level. Both publications can be found on the government of British Columbia's Budget web site at <http://www.bcbudget.gov.bc.ca/>. The account classification system is described below in more detail.

Salaries and Benefits

- Base Salaries – includes the cost of base salaries, overtime pay, and lump sum payments for all permanent and temporary direct employees of the government.
- Supplementary Salary Costs – includes the cost of extra pay for certain types of work such as shift differential, premiums, and allowances.
- Employee Benefits – includes the cost of employer contributions to employee benefit plans and pensions. Other benefits paid by the employer such as relocation and transfer expenses are also included.
- Legislative Salaries and Indemnities – includes the cost of the annual MLA indemnity and supplementary salaries as authorized under section 4 of the *Members' Remuneration and Pensions Act*. Salaries for the Officers of the Legislature are also included.

Operating Costs

- Boards, Commissions and Courts – Fees and Expenses – includes fees paid to board and commission members, juries and witnesses, and related travel and out-of-pocket expenses.
- Public Servant Travel – includes travel expenses of direct government employees and officials on government business including prescribed allowances.
- Centralized Management Support Services – includes central agency charges to ministries for services such as legal services.
- Professional Services – includes fees and expenses for professional services rendered directly to government for the provision of goods and services in the delivery of government programs, the provision of goods or services that are required by statute or legislation and are billed directly to the government, and the provision of goods or services that will assist in the development of policy and/or programs or improve/change the delivery of programs, such as management consulting services.
- Information Systems – Operating – includes all contract fees and costs related to data, voice, image, and text processing operations and services such as data and word processing, data communications charges, supplies, repairs, maintenance, and short-term rentals of information processing equipment.
- Office and Business Expenses – includes supplies and services required for the operation of offices.
- Informational Advertising and Publications – includes costs associated with non-statutory advertising and general publications.
- Statutory Advertising and Publications – includes costs associated with special notices and publications required by statute and regulations.
- Utilities, Materials, and Supplies – includes the cost of services such as the supply of water and electricity, materials, and supplies required for normal operation of government services and food for institutions.
- Operating Equipment and Vehicles – includes the costs associated with the repair and maintenance of government vehicles and operating machinery and equipment.
- Non-Capital Roads and Bridges – includes highway costs recovered from the BC Transportation Financing Authority, costs for minor enhancements to capitalized infrastructure, as well as non-highway road costs.
- Amortization – includes the amortization of the cost of capital assets and prepaid capital advances over their useful lives.
- Building Occupancy Charges – includes payments to the private sector, for the rental and maintenance of buildings and office accommodation, including tenant improvements that do not meet the criteria for capitalization.

EXPLANATORY NOTES ON THE GROUP ACCOUNT CLASSIFICATIONS *(Continued)*

Government Transfers

- Transfers – Grants – includes payments to individuals, businesses, non-profit associations, and other entities, which may include stipulations as to the use of the funds and which are not entitlements or shared cost arrangements.
- Transfers – Entitlements – includes payments to individuals, businesses, and other entities, where eligible recipients must be paid under statute or regulation once they meet all eligibility criteria, if any, outlined in the statute or regulations.
- Transfers – Share Cost Arrangements – includes payments that are reimbursements to individuals, businesses, and other entities under the terms of a contract or agreement.

Other Expenses

- Transfers Between Votes and Special Accounts – includes transfers (payments) between a vote and a special account.
- Interest on the Public Debt – includes only interest payments on the direct provincial debt borrowed for government purposes.
- Other Expenses – includes expenses such as Provincial Treasury banking charges, financing costs, valuation allowances, and other expenses which cannot be reasonably allocated to another standard object of expense.

Internal Recoveries

- Recoveries Between Votes and Special Accounts – includes recoveries between a vote and a special account.
- Recoveries Within the Consolidated Revenue Fund – includes recoveries for the use of equipment or the provision of goods and services between ministries of the provincial government.

External Recoveries

- Recoveries Within the Government Reporting Entity – includes costs and amounts recovered from government corporations, organizations, and agencies; the offset for commissions paid for the collection of government revenues and accounts; and the write-off of uncollectible revenue related accounts.
- Recoveries External to the Government Reporting Entity – includes costs and amounts recovered from other governments and non-government organizations.

CAPITAL EXPENDITURES

Capital expenditures for special offices, ministries, and other appropriations are presented in the Estimates under Capital Expenditures and in Schedule C. The *Supplement to the Estimates* provides details for each special office, ministry, and other appropriation at the standard object of capital expenditure level. The category of assets is described below.

- Land – includes the purchased or acquired value for parks and other recreation land, land directly associated with capitalized infrastructure (buildings, ferries, and bridges), but does not include land held for resale.
- Land Improvements – includes the capital costs for improvements to dams and water management systems and recreation areas.
- Buildings – includes the purchase, construction, or major improvement of buildings owned by the Consolidated Revenue Fund.
- Specialized Equipment – includes the purchase or capital lease cost of heavy equipment such as tractors and trailers, as well as telecommunications relay towers and switching equipment.
- Office Furniture and Equipment – includes the cost or capital lease cost of office furniture and equipment.
- Vehicles – includes the purchase or capital lease cost of passenger, light truck, and utility vehicles.
- Information Systems – includes the purchase or capital lease cost of mainframe and other systems hardware, software, and related equipment.
- Tenant Improvements – includes the cost or capital lease cost of improvements to leased space.
- Roads – includes the capital costs for construction or major improvements of roads, highways, bridges, and ferries.
